thavasantonio@gmail.com

High-achieving rising senior at Saint Ignatius College Prep with proven experience leading coding workshops and driving community-focused tech initiatives. Passionate about leveraging programming skills to create social impact and eager to take on new challenges.

PROFESSIONAL EXPERIENCE

Teaching Assistant | Code Tenderloin – A nonprofit removing barriers to make living-wage jobs a possibility for everyone. San Francisco | Jan 2023 – Present

- Lead coding clinics for groups of 7–10 students, teaching JavaScript and Python
- Mentor and provide hands-on support to students during weekly office hours
- Lead new volunteer onboarding

Fundraiser | Project Homeless Connect San Francisco | Nov 2018 – Present

- Built a website to promote comic book sales to raise funds for unhoused individuals
- Raised and donated 13,000 socks in collaboration with my younger brother
- Set up in-person stalls at farmers' markets around SF to promote the initiative

Paid Intern | Project Pull – City & County of San Francisco San Francisco | Jun 2025 – Aug 2025

- Conducted research and analysis on municipal project proposals, contributing data-driven insights to city planners
- Collaborated with teams to support implementation of community development initiatives
- Presented weekly progress reports to senior mentors, enhancing communication and project management skills
